

Layer Cake Installation Guide

Steps:

1. Download the application (.zip file)
2. Unzip the file and drag the .app file to your Applications Folder
3. Launch the application first time using Right Click/Open method
4. From the activation Code email, copy the Activation Code using the Right Click/Copy method
5. Paste the Activation Code into the prompt from the application using the Right Click/Paste method. Press enter.
6. If you cancel, or hit enter without entering a valid code, you can click on the Activation Button to retry.
7. Delete the .zip file.
8. If you have problems with this process please contact us at sales.currysounds.com.

The activation process is a one time thing. The software will be registered with your machine.
